WELCOME TO MANHEIM

If you've bought at auction before, or for those of you who haven't, the auction process needn't be a daunting one. We've outlined the process in 5 easy steps to assist you.

HOW TO BUY AT AUCTION

1. REGISTER

Each time you participate and bid for a vehicle you must complete a Buyer Registration Form available in the foyer and on our website. Submit to the Cashiers with photo identification to receive a Buyer Number.

You are under no obligation to place a bid once you have your Buyer Number but you cannot bid without one. Each time you attend an auction you require a new Buyer Number as it identifies you as the purchaser. You can use your one Buyer Number to bid on multiple items at the same auction.

2. BIDDING

To place a bid raise your Buyer Number or your hand high to gain the attention of the Auctioneer.

3. DEPOSIT

If you are successful a deposit is required after the fall of the hammer.

4. PAY

Finalise the balance of your invoice by the next business day.

5. COLLECT

Once you have finalised payment, your vehicle can be released. All purchases must be collected no later than 4:00pm the day after sale. Manheim can arrange transportation. Speak to one of our staff members who will assist.

USEFUL INFORMATION

SALVAGE VEHICLES

Salvage vehicles are auctioned in the order they appear in the catalogue. You are welcome to view salvage vehicles during viewing hours.

All salvage vehicles are checked against REVS, which stands for Register of Encumbered Vehicles.

STATUTORY WRITE OFF vs REPAIRABLE WRITE OFF

All salvage vehicles are WOVR checked (Written Off Vehicle Register).

A Statutory Write Off vehicle is recorded on the WOVR and cannot be registered in Australia.

Repairable Write-Offs can be registered, provided the vehicle has been satisfactorily repaired (except NSW). Each vehicle is clearly marked.

TRANSPORTING VEHICLES

All salvage vehicles must be removed from location by tow truck or trailer in compliance with Chain of Responsibility requirements, refer to staff for more information.

UNREGISTERED VEHICLES

It is illegal to drive an unregistered vehicle.

If your salvage vehicle is a Repairable Write-Off it may be able to be registered. Contact your nearest registration office for more details.

SIMULCAST

You can bid online via Simulcast for our Salvage auctions. Check our website or speak to a staff member for registration details.

RESERVE PRICE

The reserve is the Seller's expectation of price. The reserve price is not disclosed.

AUCTION OUTCOME

The auction will continue until the item is Sold, Referred or Passed In.

Sold is identified by the fall of the hammer and the Auctioneer will announce "sold". If you are successful, you need to proceed to the Deposit Clerk next to the Auctioneer's Stand or front reception and pay your deposit.

A vehicle will be referred if the reserve is not met as the seller may be willing to negotiate. If you are the last bidder on a referred item, the Auctioneer will ask for your Buyer Number and for you to make your way to the Auctioneer's Stand for negotiation.

A lot will be passed in if there is no bid. Offers can be made on items passed in.
