What does Gold, Silver and Bronze mean?

Cars are categorised to make it easier to browse our range according to type of vehicle you may be looking for. Gold = Grade 1 & 2, Silver = Grade 3 & 4, Bronze = Grade 5 and Ungraded.

Grade 1 is the highest standard vehicle, low kms and near new with little to no faults. Ungraded means the vehicle has over 100,000 kms and is more than 10 years old, there are too many faults to list them all, however the discerning buyer can easily find a bargain here!
